Outdoor Pursuits

Program Guide

Our Mission

Outdoor Pursuits' top priority is to provide meaningful opportunities for students to enhance their college experience. We strive for students to build stronger relationships with one another, their campus, and the environment through programs we provide.

Our Services

Our program strives to ensure students, faculty, and staff have access to our services for a quality life on UNC. Your registration fee includes all necessary equipment for each specific trip, food, as well as transportation. Outdoor Pursuits welcomes anyone to the beautiful outdoors of Colorado. Whether you are planning your first trip or need advice on where to go next our OP staff are available to connect and help.

Your Campus Recreation Center

Campus Recreation strives to ensure a safe, affirming, welcoming, and inclusive environment for UNC students, faculty, and staff through open and considerate dialogue, mutual understanding, and respect for individual differences. We recognize and celebrate the diverse characteristics and backgrounds within our UNC community by facilitating a climate where everyone can participate, engage and represent themselves safely and comfortably.
