ADVISOR CHANGE REQUEST FORM
(Graduate and Undergraduate)

To the Student:

You should be requesting a change of advisor only if you have good reason to do so. Do not ask for a change to another advisor simply because he/she is your "favorite professor." If another advisor will be able to better guide you toward your professional goals or if irreconcilable conflict has arisen between you and your advisor, you may request a change. Make sure you talk it over with your current advisor first.
