- **New Business**

- g. What resources do you think UNC and/or FSL needs
 - Important to be mindful of people we bring to Greek educations. Some people did not respect different identities people hold.
- h. What support do you need?
 - Financial support – funds for MGC
 - Counseling center for people who need support
 - Counseling center extends to having a personal FSL counselor
- i. What do you want to see from UNC and/or FSL?
 - Standards need to be held higher. Not specifically for any organization from themselves but not just “a slap on the wrist”.
 - Chapters want to get back with their chapters to talk more in-depth about it
- j. Consider voting for an external affairs chair. Help us have our voice as MGC in meetings for Greek Training and other similar meetings.
- k. Greek Awards
 - In the past awards have been in binders. Found that people fabricate and change dates on their content in their submission. Lacey does not want to accuse anyone, so she feels that there is a change needed to there is a better way to gather information.
 - MGC couldn't be rewarded on areas that don't exactly pertain to certain topics that take away those points.

- Different areas people can apply for that make sense to their organization. MGC questions will be more for MGC due to them being held and at different standards than what other councils are held.
- NPHC should be on the awards and currently is not
- MGC awards on April 21st?
- For further questions please reach out to Lacey
- **Adjournment**
