Hello, everyone,
I hope you all had a great summer and the first day back to school. I know everything is looking a little different this semester due to the pandemic but I cannot emphasize enough the need for all of us to keep each other's health and wellbeing the top priority as we head into the semester. Regardless of your own personal opinion of what is going on you are expected to follow UNC guidelines. If you are aware of individuals or organizations engaging in conduct that threatens the health or safety of members of our community, we encourage you to report that to the Dean of Students Office that your chapter president should have and Alaina will also send it out in the delegate group chat. <https://www.unco.edu/dean-of-students/share-concern.aspx>

As a reminder, the Student Code of Conduct applies to all individual students and recognized student organizations (RSOs), both on and off campus. It's your responsibility to read the Code and know the policies and procedures in it. Students or RSOs who allegedly violate public health orders and/or COVID-specific University policies (including the Mask Policy and social distancing expectations found at the link your presidents have, and Alaina will also send that out as well

<https://www.unco.edu/return-to-campus/prevention/> will be referred to the conduct process.

I just want to remind you every student here at UNC is held to this and every if they are not a part of a sport, club, or organization here they are still expected to follow the rules.

This summer Panhellenic worked on the Safety and Success plan and I am working on finishing it up and more information on the next steps of that is still to come. Thank you and if at any point you have question on events that are taking place or if something is following guidelines please feel free to reach out to me or Lacey.
