Charge

The Institutional Planning Group is appointed by and advisory to the president.

The group is chaired by Provost and Executive Vice President Kirsty Fleming and is charged with serving as a single institutional planning group to help coordinate and advance work across institutional-level planning efforts. With a focus in 2024–25 on implementing Phase III of the university strategic plan, the group will:

- Support coordination and effectiveness across university-level planning efforts
- Facilitate the alignment of planning activities and associated resources consistent with the university mission, goals, and priorities
- Monitor progress on planning efforts against work plans and timelines
- Foster communication and coordination across campus about planning issues and activities

The committee will liaise with others as appropriate.
